Exam Registration

The following document describes how to complete the exam registration and how the SAP Certification exam works.

CAUTION

To avoid important course and exam related mails ending up in your spam folder, you should include the address info@erp4students.org to the whitelist of your e-mail account

Exam Registration E-Mail

You will receive an exam registration e-mail. It will contain your personal access data, which you can use to register for a specific exam phase on the exam registration website.

Each exam phase spans over 12 months.

Examples

- from August 2019 until August 2020
- from September 2019 until September 2020

SAP Certification Exam

Dear Taymaz,

with this e-mail, you get the access data for the **SAP certification exam registration**.

The SAP certification exam will be hold **online**. You need a computer with an internet connection, a webcam and a microphone so the SAP proctor can make sure that you take the exam without any help of third parties.

Following the information how the exam registration works:

1. You login with the access data below.
2. After logging in you will see various 12 months exam periods, like Jul 2019 - Jul 2020. You need to choose one of the periods (as long as the registration/cancelation deadline for one exam period is not over you can change your registration).
3. The choosen 12 months period is the period during which you can schedule the exam at any time you like.
4. After end of the registration deadline for the chosen exam period we will send your data to SAP. SAP will send you an email with the access data to the exam scheduling portal. From the day SAP send you the email your 12 months period starts.
5. Furthermore we will provide you access data to our new exam preparation portal with new Mock tests. This access will also be provided after end of the registration deadline for the chosen exam period.

[Click here to login](#)

Here you will find your **personal login information**:

If you sign up for an exam phase, it means that you can take the exam with SAP within those 12 months.

Exam Fee

After signing up for an exam, you will receive a confirmation e-mail with payment details for paying the SAP exam fee. As soon as the examination fee has been received by the TH Brandenburg, you will receive a participation confirmation mail.

Deregister from an Exam Phase

Each exam phase has its own **cancellation date** until which you can deregister from this exam phase. The date for each exam phase can be found on the exam registration website. You can then sign up for a later exam phase via the same website.

If you deregister from an exam phase and you have already paid the exam fee, then the exam fee will be completely refunded.

After the cancellation deadline for an exam phase deregistration form that exam phase is **not possible anymore**.

Access Credentials for the Course Room for Exam Preparation

A few days after the cancellation deadline for your exam phase, everyone that registered for the exam phase will receive an email with access to an additional course room on our website.

Note that for organizational reasons, it is not the same user you use to sign up for the course.

You will have 12 month of access to this exam preparation course room. Here you will find:

- Forums where you can ask questions about the exam process and the individual topics
 - Additional information about the exam as well as tips and tricks for the preparation and the exam itself
 - All relevant content you need to learn for the exam
 - Mock questions to help you evaluate your progress
 - Mock tests that are similar to the SAP exams and prepare you for the exam situation.
- Repeat these tests as often as possible. The SAP exam is comparable to an intelligence test. The more often you take one, the better your score will be (without actually getting more intelligent), as you get used to the way questions are asked.

Now you can start studying for the exam.

**CAUTION**

*Please keep in mind that access to the SAP system ends with the **course deadline**. This means that you must have completed the **practical parts** of the course until the course deadline to receive the university certificate.*

While it is not a prerequisite for taking the exam, and the practice chapters are not relevant for the exam, you should complete the practical parts of the course before signing up for and taking the exam.

- 1. You have already acquired the university certificate, in case you should not pass the SAP exam.*
- 2. The practical knowledge can be very helpful to derive an answer in the exam, if you do not know the answer directly.*
- 3. You have actually learned to work with the SAP system and not just learned pure theory.*

SAP Exam

Now that you have completed the practical parts and are well-prepared for the exam, you can sign up for the SAP exam.

Access Data for the SAP Exam

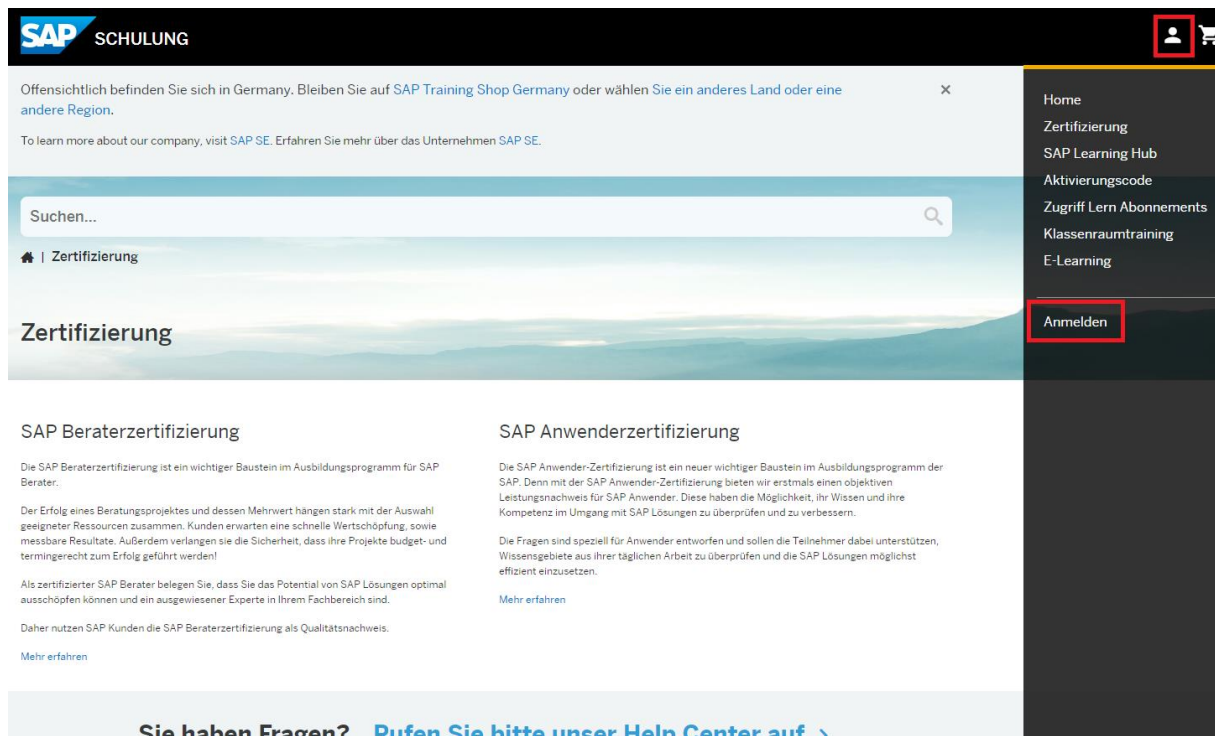

As soon as we receive the access data from SAP (this may take a few days after the cancellation deadline of the exam phase you selected), you will receive another mail with your personal access data for the SAP exam and detailed information on how to register for an exam.

Scheduling the SAP Exam

Once you have completed the registration, you can log on to the SAP Education website and **schedule an exam** within your 12-month phase using the **Exam Dashboard** area. This means that you can (almost) freely choose within these 12 months on which day and at which time you would like to take the exam.

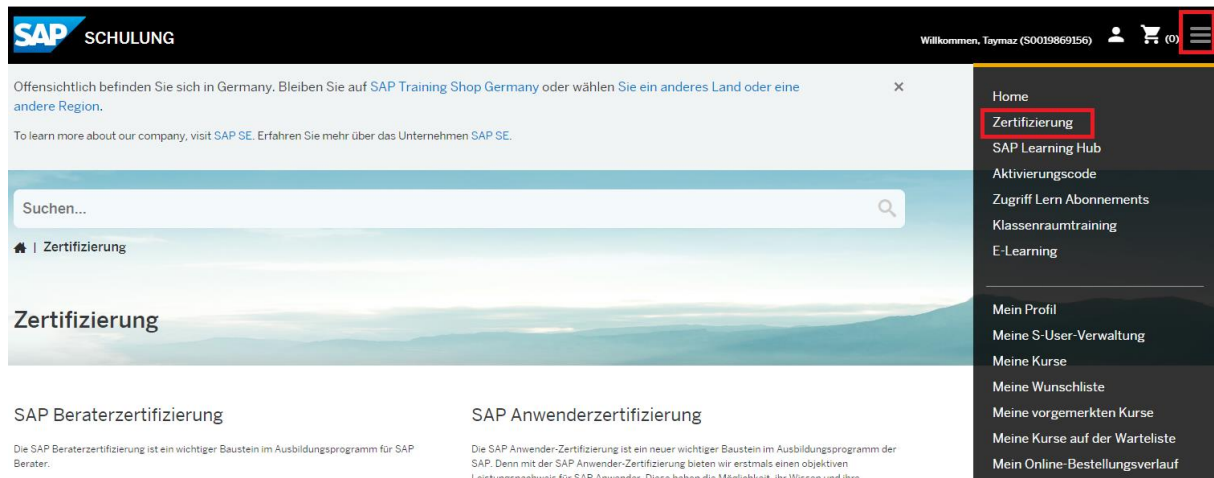

How to Schedule an Exam

1. Go to the website provided in the mail that you have received from SAP.
2. Log on using the **S-User** provided by SAP

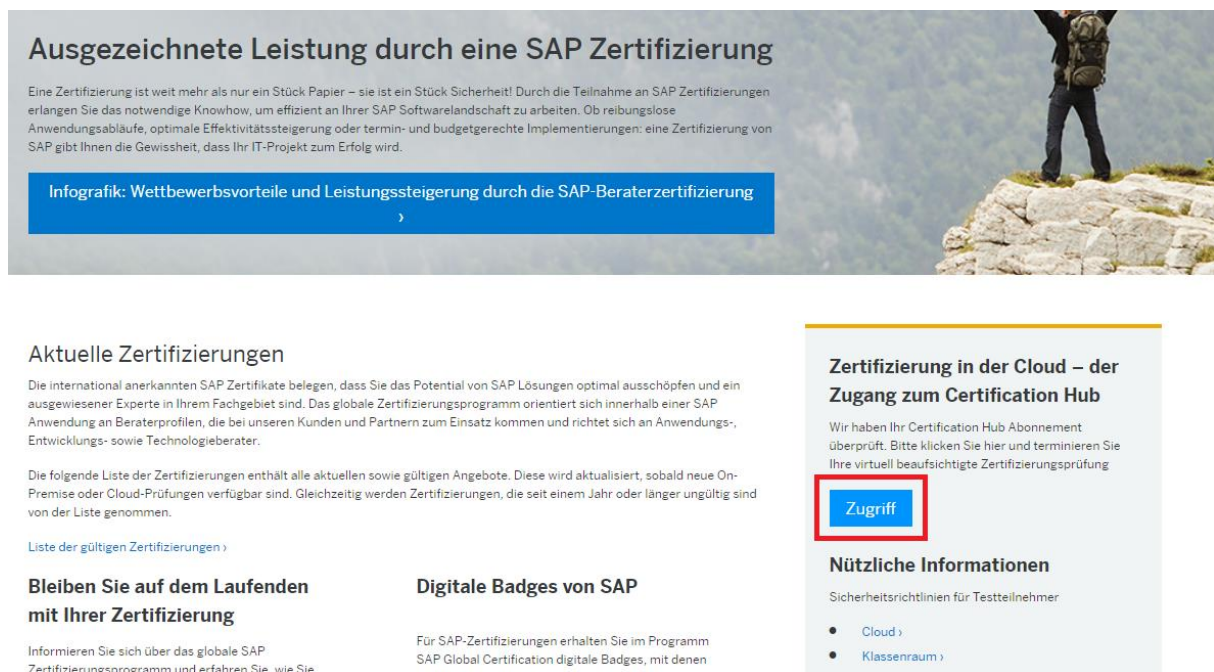

The screenshot shows the SAP SCHULUNG website. At the top, there is a navigation bar with the SAP logo and the word 'SCHULUNG'. On the right side of the header, there is a user menu icon (a person in a red box) and a shopping cart icon. Below the header, there is a search bar with the text 'Suchen...'. To the left of the search bar, there is a link to 'Zertifizierung'. Below the search bar, there is a large banner with the word 'Zertifizierung'. To the right of the banner, there is a vertical menu with the following items: Home, Zertifizierung, SAP Learning Hub, Aktivierungscode, Zugriff Lern Abonnements, Klassenraumtraining, E-Learning, and Anmelden (highlighted with a red box). Below the banner, there are two columns of text. The left column is titled 'SAP Beraterzertifizierung' and describes the SAP Consultant Certification program. The right column is titled 'SAP Anwenderzertifizierung' and describes the SAP User Certification program. At the bottom of the page, there is a footer with the text 'Sie haben Fragen? Rufen Sie bitte unser Help Center auf >'.

3. Open the User Menu on the upper-right screen part and click on Certification

The screenshot shows the SAP SCHULUNG website. The top navigation bar includes the SAP logo, the word 'SCHULUNG', and a welcome message for 'Taymaz (S0019869156)'. A search bar is present. The main content area is titled 'Zertifizierung' and features two columns: 'SAP Beraterzertifizierung' and 'SAP Anwenderzertifizierung'. On the right, a dark navigation menu is visible, with 'Zertifizierung' highlighted in red. Other menu items include Home, SAP Learning Hub, Aktivierungscode, Zugriff Lern Abonnements, Klassenraumtraining, E-Learning, Mein Profil, Meine S-User-Verwaltung, Meine Kurse, Meine Wunschliste, Meine vorgemerkten Kurse, Meine Kurse auf der Warteliste, and Mein Online-Bestellungsverlauf.

4. Click now on the button **ACCESS** on the lower-right screen part

The screenshot shows the SAP Certification Hub page. The main heading is 'Ausgezeichnete Leistung durch eine SAP Zertifizierung'. Below it, there is a paragraph about the benefits of SAP certification. A blue button labeled 'Infografik: Wettbewerbsvorteile und Leistungssteigerung durch die SAP-Beraterzertifizierung' is visible. The page is divided into two main sections: 'Aktuelle Zertifizierungen' and 'Zertifizierung in der Cloud – der Zugang zum Certification Hub'. The 'Aktuelle Zertifizierungen' section contains text about international SAP certificates and a list of current certifications. The 'Zertifizierung in der Cloud' section includes a paragraph about the Certification Hub subscription and a blue button labeled 'Zugriff' which is highlighted with a red box. Below this, there is a section titled 'Nützliche Informationen' with links to 'Cloud' and 'Klassenraum'.

5. Install the Question Mark Software and test your computer prerequisites (see also chapter Technical Prerequisites)

SAP SAP Certification Hub Home Exam Dashboard Exam Appointments August 4, 2019 | Welcome: P1942742701 My account Log out

Welcome to the Certification Hub. If you're a first-time user, you will be prompted to accept the terms and conditions of use and to set your local time zone. Remember to set your time zone so the appointment times offered to you will be in your local time zone. Otherwise, the times will use Universal Time Code (UTC).
We have compiled a FAQ page that answers many common questions about the certification process. For more general SAP certification program questions, please consult the SAP Training and Certification Help Center site.

Preparing for an Online Proctored Exam (SAP)

Examination Process
Test and Prepare >> Schedule >> Take

Test and Prepare Equipment and Documents
Test your equipment prior to your exam date. Utilize the System Test provided on this home page. Contact Technical Support if you receive any warnings about your equipment. Examinations are secure and remotely proctored. You will be required to use certain technology to take the exam:

- **Questionmark Secure** browser that you will need to download and install
 - Even if you have previously installed Questionmark Secure, you must upgrade to ensure you are now using an appropriate version.
 - v6.0.26+ is required for Windows
 - v6.0.19+ is required for Mac
- Webcam
- Microphone or headset
- Broadband connection

Please consult this [article](#) for more information on technical requirements.
You will also be required to present two forms of identification to the proctor before your exam is released. Both IDs must have your name and signature and one must be a valid, government-issued photo ID. For specific information on acceptable forms of ID, please consult the FAQ document.
We highly recommend that you conduct a system test prior to your exam appointment. You can do this at anytime.

Exam Results

Exam	Date	Outcome	Booking ID
SAP Certified Application Associate - Business Process Integration with SAP S/4HANA 1709	25-Apr-2019	Pass	ILP7009628480
SAP Certified Application Associate - Business Process Integration with SAP S/4HANA 1610	28-Nov-2018	Pass	ILP7009638838

Generally, the exam is offered every half an hour between 6:30 and 0:30, even on the weekends. Basically, you can also register for an exam half an hour before the start of the exam. For example, if you feel fit on a Wednesday at 12:30 pm, you can schedule an exam at 1:00 pm. Nevertheless, it is advisable to leave a little more time (**2 to 3 weeks**) between registration and exam execution in order to secure the desired time slot.

Technical Prerequisites

For taking the SAP exam, the following prerequisites must be met:

- Your computer must have a **webcam** and a **microphone**.
- You have to install the software **Questionmark Secure** on your computer. You will find this software directly on the SAP exam website. This software prevents you from opening other documents or programs on your computer during the exam.
- You should test the technical requirements (bandwidth, microphone, webcam) before starting the exam.

Taking the SAP Exam

If you have scheduled an exam, it will appear in your account under **Exam Appointments**. You can cancel or reschedule the exam before it becomes active.

Approximately 15 minutes before the scheduled exam time, the exam will become active and a "Play" icon will appear in the **Start Exam** column. Then you can press this button and connect to the exam server and your proctor.

The Proctor will then identify you (you need to show your ID) and explain you the test procedure. This usually takes 5 to 10 minutes.

Then you can start directly with the exam and have 3 hours to answer the 80 questions.

The screenshot shows the SAP Certification Hub interface. The top navigation bar includes links for Home, Exam Dashboard, Exam Appointments, and user information. The main content area is titled 'Upcoming Online Exam Appointments'. It features a table with the following columns: Exam Title, Booking Code, Exam Date, and Start Exam. The first row lists the exam 'SAP Certified Application Associate - Business Process Integration with SAP S/4HANA' with booking code 'C_TS410_1709' and exam date 'Wed, 07/03/2019 - 00:00'. A 'Start Exam' button is visible in the 'Start Exam' column. A 'Reschedule Exam' button is shown above the table, and a 'Cancel Exam' button is shown below the table. A 'Previous Online' button is also visible on the left side of the table.

Exam Title	Booking Code	Exam Date	Start Exam
SAP Certified Application Associate - Business Process Integration with SAP S/4HANA	C_TS410_1709	Wed, 07/03/2019 - 00:00	Start Exam

After the SAP Exam

The exam is over now and hopefully it has been successful for you. What should be done now?

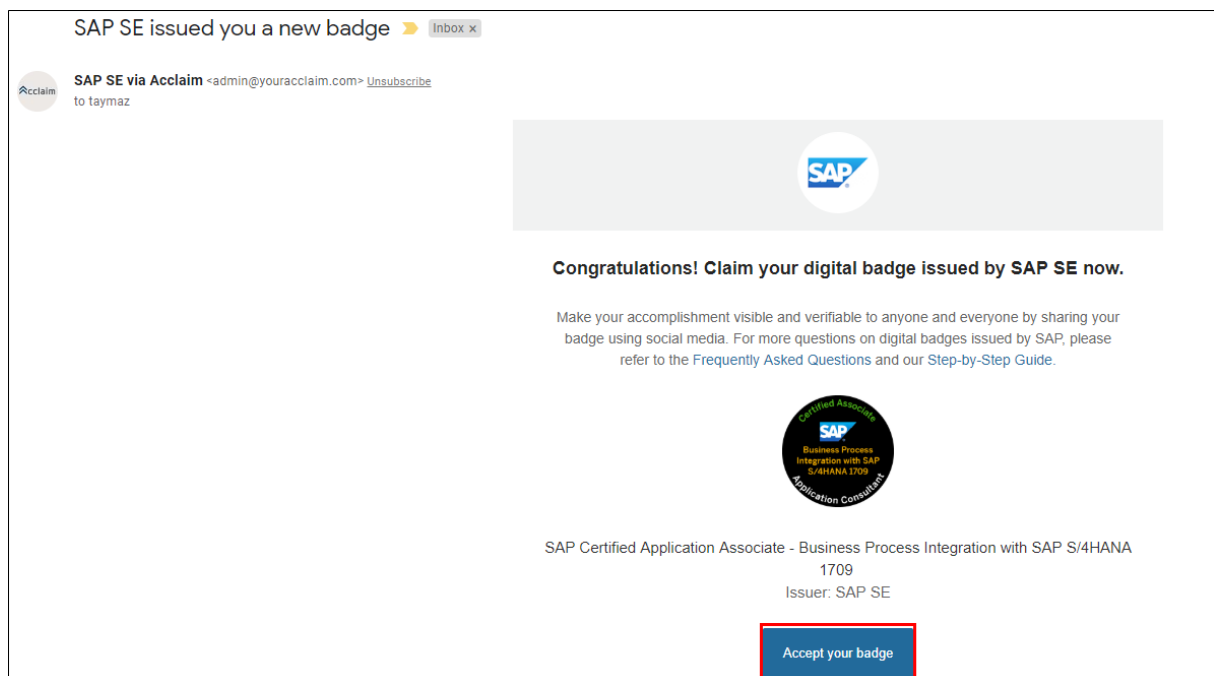

I've passed the Exam

Congratulation! You are now officially

SAP Certified Application Associate - Business Process Integration with SAP S/4HANA XXXX

Approximately 3-5 days after your exam, you will receive a digital SAP certificate (so-called badge) from Acclaim. If you then click on the **Accept your Badge** button, you must create an account on the Acclaim website and then accept your badge. You can

- print as pdf
- Link to your social/business media accounts (Xing, LinkedIn, etc.)

I did not pass the Exam

If you want to repeat the exam, please send an E-Mail to pouyan.khatami@erp4students.org and request a new exam registration.
